### INDEPENDENT AUDITOR'S REPORT ON FINANCIAL STATEMENTS

West Michigan Horticultural Society, Inc. d.b.a. Frederik Meijer Gardens & Sculpture Park

### **Opinion**

We have audited the accompanying financial statements of West Michigan Horticultural Society, Inc. d.b.a. Frederik Meijer Gardens & Sculpture Park (Meijer Gardens), which comprise the statement of financial position as of September 30, 2023 and 2022, and the related statements of activities and changes in net assets, and cash flows for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements present fairly, in all material respects, the financial position of Meijer Gardens as of September 30, 2023 and 2022, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

#### **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Meijer Gardens and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Meijer Gardens' ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

### Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due
  to fraud or error, and design and perform audit procedures responsive to those risks. Such
  procedures include examining, on a test basis, evidence regarding the amounts and
  disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit
  procedures that are appropriate in the circumstances, but not for the purpose of expressing an
  opinion on the effectiveness of Meijer Gardens' internal control. Accordingly, no such opinion
  is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Meijer Gardens' ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

NOTES TO FINANCIAL STATEMENTS

September 30, 2023 and 2021

### NOTE 1 - NATURE OF ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

### **Nature of Organization**

The West Michigan Horticultural Society, Inc. d.b.a. Frederik Meijer Gardens & Sculpture Park (Meijer Gardens) promotes the enjoyment, understanding, and appreciation of gardens, sculpture, the natural environment, and the arts. Revenues of Meijer Gardens are from admission fees, membership fees, gift shop sales, events, culinary arts and event services, educational programs, contributions, grants and sponsorships by individuals, corporations, and foundations.

#### **Financial Statement Presentation**

The financial statements have been prepared on the accrual basis of accounting in accordance with U.S. generally accepted accounting principles. Meijer Gardens reports information regarding its financial position and activities as without donor restriction and with donor restriction depending on the existence and nature of any donor-imposed restrictions on contributions received as follows:

**Net assets without donor restriction** – Net assets available for use in general operations and not subject to donor (or certain grantor) restrictions.

Net assets with donor restriction – Net assets subject to donor (or certain grantor) imposed restrictions. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity. Gifts of long-lived assets and gifts of cash restricted for the acquisition of long-lived assets are recognized as revenue with donor restrictions and are released from restrictions when the assets are placed in service. Meijer Gardens reports contributions restricted by donors as increases in net assets without donor restrictions if the restrictions expire (that is, when a stipulated time restriction ends, or purpose restriction is accomplished) in the same reporting period in which the revenue is recognized. All other donor-restricted contributions are reported as increases in net assets with donor restrictions. When a restriction expires, net assets with donor-restrictions are reclassified to net assets without donor restrictions and reported in the statement of activities as net assets released from restrictions.

### **Cash and Cash Equivalents**

Meijer Gardens considers all highly liquid investments with original maturities of three months or less to be cash equivalents. Cash and cash equivalents are held primarily at two financial institutions. Meijer Gardens' cash balances exceed federally insured limits.

### **Accounts Receivable**

Accounts receivable mainly represents amounts billed or billable to customers for culinary arts and event services, which are stated at the amount management expects to collect from balances outstanding at year-end. Management has reviewed the balances that comprise accounts receivable and determined such balances to be fully collectible. Accordingly, no provision for uncollectible accounts is included in the financial statements. If amounts become uncollectible, a provision for the potential loss will be charged to operations when that determination is made. All amounts are expected to be collected within one year. Accounts receivable at October 1, 2021 were \$105,221.

### **Pledges Receivable**

Unconditional pledges receivable are recognized as revenue in the period the pledge is received. Unconditional pledges that are expected to be collected in periods in excess of one year are recognized at the present value of the estimated future cash flows at the time the pledge is received using discount rates based upon U.S. Treasury Securities. The change in the present value due to the passage of time is recognized as contribution revenue. Management annually reviews these assets to determine the net realizable value of the pledges. Conditional pledges are recognized when the conditions upon which they depend are substantially met.

Pledges are stated at the amount management expects to collect from outstanding balances, discounted to present value. Management provides for probable uncollectible amounts through a charge to earnings and a credit to a valuation allowance based on its assessment of the current status of individual accounts. Balances that are still outstanding after management has used reasonable collection efforts are written off through a charge to the valuation allowance and a credit to pledges receivable. Meijer Gardens considers pledges receivable to be fully collectible; accordingly, no allowance for doubtful pledges receivable has been recorded. If amounts become uncollectible, a provision for the potential loss will be charged to operations when that determination is made.

### **Inventory**

Inventory consists of gift shop items as well as food and beverage items and is stated at the lower of cost or net realizable value, principally determined by the first-in, first-out method.

### **Replacement Reserve**

Meijer Gardens has investments set aside as a replacement reserve for unforeseen and future replacement of investments in property and equipment.

### **Collections**

The collections, which include sculptures, bonsai plants, art objects, and documentaries, have been capitalized since inception. If purchased, items are capitalized at cost, and if donated, they are capitalized at their appraised or fair value on the date received. Installation costs incurred to place collection pieces are included in the capitalized value of the item. If Meijer Gardens should cease operations or lose its tax-exempt status, the majority of the sculpture collections will be conveyed to the Meijer Foundation.

#### **Property and Equipment**

Meijer Gardens follows the practice of capitalizing, at cost, all expenditures for property and equipment in excess of \$5,000. Donations of property and equipment are recorded at estimated fair value. Such donations are reported as support without donor restriction unless the donor has restricted the donated asset to a specific purpose. Assets donated with explicit restrictions regarding their use, specifically to acquire property and equipment, are reported as support with donor restriction. Absent donor stipulations regarding how long donated assets must be maintained, Meijer Gardens reports expirations of donor restrictions when the donated or acquired assets are placed in service as instructed by the donor. Meijer Gardens reclassifies net assets with donor restriction to net assets without donor restriction at that time.

Property and equipment are depreciated using the straight-line method over the estimated useful lives of the assets.

Property and equipment are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. If the expected future cash flow from the use of the asset and its eventual disposition is less than the carrying amount of the asset, an impairment loss is recognized and measured using the asset's fair value. No such losses were recognized during 2023 or 2022.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

September 30, 2023 and 2022

### **Fair Value Measurements**

U.S. generally accepted accounting principles establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to measurements where there is no ability to liquidate or redeem the investments (Level 3 measurements). The three levels of the fair value hierarchy are as follows:

- Level 1 Unadjusted quoted prices in active markets for identical assets or liabilities.
- Level 2 Quoted prices in markets that are not considered active or financial instruments for which significant inputs include quoted prices of similar assets or liabilities, interest rates, credit risks, etc.
- Level 3 Investments held by others where Meijer Gardens has no ability to liquidate or redeem the investments.

The fair value measurement level of an investment within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used should maximize the use of observable inputs.

#### Contributions

Contributions received are recorded as support with donor restrictions or support without donor restrictions depending on the existence and/or nature of any such restrictions.

Donor restricted contributions are reported as support with donor restriction and are then reclassified to net assets without donor restriction upon expiration of the donor restriction. Contributions are reported as revenue at the time the contribution is promised. Meijer Gardens recognizes as support without donor restrictions certain donor-restricted contributions when such restrictions are met in the same reporting period.

### **Revenue Recognition**

Meijer Gardens recognizes revenue other than philanthropy through four primary revenue streams including membership, admissions, gift shop sales, and culinary arts and event services. Membership fees are collected prior to the start of the applicable service period. Revenue is recognized evenly over the service period. Deferred membership income (contract liability) on the statement of financial position represents payments received from members for which the service period has not yet occurred. Certain categories of membership may include an element of philanthropy. In this event, an estimate of that philanthropy is recognized in accordance with the standards applicable to contribution revenue. Admissions and gift shop revenue is recognized at the point in time when the sale has occurred. Security deposits from culinary arts and event services of Meijer Gardens' facilities is included in deferred revenue (contract liability). Meijer Gardens makes its facilities available to the general public for special gatherings and events. The revenue resulting from these events is recognized as earned when the event takes place. Sponsorships relating to exhibitions and events to be held in future fiscal years are included as deferred revenue (contract liability). As the events are held, the deferred revenue is recorded as revenue.

The following table summarizes Meijer Gardens' disaggregated revenue based on timing of revenue recognition:

	2023	2022
Revenue recognized over time Membership	\$ 3,496,433	\$ 2,713,001

### **Donated Services and Materials**

Donated services that create or enhance non-financial assets or require specialized skills, are provided by individuals possessing those skills, and would be typically purchased if not provided by donation are recorded at fair value in the period received. Meijer Gardens recorded donated services that met this criteria valued at \$6,452 and \$13,674 for the years ended September 30, 2023 and 2022, respectively.

In addition, many people have contributed significant amounts of time to Meijer Gardens without compensation. These services are not recognized as contributions in the financial statements.

Contributions of donated materials and supplies are also recorded at fair value when received. These donations valued at \$241,026 and \$189,832 for the years ended September 30, 2023 and 2022, respectively, have been recorded as contribution revenue and various expenses in the statements of activities. Additional amounts of \$287,471 and \$0 have been recognized as contributions on the statements of activities and capitalized in property and equipment, collections and investments on the statements of financial position for 2023 and 2022, respectively.

#### **Employee Retention Credits**

Under the provisions of the Coronavirus Aid, Relief, and Economic Security Act (the "CARES Act") signed into law on March 27, 2020 and the subsequent extension of the CARES Act, Meijer Gardens was eligible for a refundable employee retention credit ("ERC") subject to certain criteria. The tax credit is equal to 50% of qualified wages paid to employees during a quarter, capped at \$10,000 of qualified wages per employee through December 31, 2020. Additional relief provisions were passed by the United States government, which extend and slightly expand the qualified wage caps on these credits through the expiration date of September 30, 2021. Based on these additional provisions, the tax credit is equal to 70% of qualified wages paid to employees during a quarter, and the limit on qualified wages per employee has been increased to \$10,000 of qualified wages per quarter.

Meijer Gardens recognized \$2,062,657 of ERC during the year ended September 30, 2022. This amount was included in the statement of activities in contributions. The balance was received in full during fiscal year 2023.

The accounting policy used for the ERC was the contribution model.

### **Functional Allocation of Expenses**

The costs of providing the various programs and other activities of Meijer Gardens have been summarized on a functional basis. Note 3 presents the natural classification detail of expenses by function. Accordingly, certain costs have been allocated among the programs and supporting services benefited. Wages and benefits are allocated based on direct effort. Utilities, some contracted services, and general insurance are allocated based on square footage of the building and space utilized. All other expenses are allocated by direct benefit to the department.

#### **Advertising**

Meijer Gardens expenses advertising costs as incurred. Advertising expense totaled \$581,512 and \$584,230 for the years ended September 30, 2023 and 2022, respectively.

### **Income Taxes**

Meijer Gardens is exempt from federal income tax under Section 501(c)(3) of the Internal Revenue Code. However, income from certain activities not directly related to Meijer Gardens' tax-exempt purpose is subject to taxation as unrelated business income.

Tax positions taken are assessed for uncertainty and a provision may be recorded if a tax position is not likely to be sustained upon examination.

#### **Subsequent Events**

Management has evaluated significant events or transactions occurring subsequent to September 30, 2023 for potential recognition or disclosure in these financial statements. The evaluation was performed through February 12, 2024 the date the financial statements were available for issuance.

#### **Use of Estimates**

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements and the reported revenues and expenses during the reporting period. Actual results could differ from the estimates that were used.

### **Recently Issued Accounting Pronouncements**

In June 2016, the FASB issued ASU No. 2016-13, Financial Instruments – Credit Losses (Topic 326). The main provisions of this pronouncement include requiring financial assets to be presented at the net amount expected to be collected utilizing an allowance for credit losses. The ASU is effective for annual periods beginning after December 15, 2022. Management does not expect the adoption of this standard to have a material effect on the financial statements.

#### **NOTE 2 - LIQUIDITY**

The following reflects the financial assets of Meijer Gardens included in the accompanying statements of financial position as of September 30, 2023 and 2022. This amount has been reduced by those assets not available for general use or amounts with donor restrictions.

### NOTE 7 - BENEFICIAL INTEREST IN NET ASSETS OF THE FOUNDATION

The Frederik Meijer Gardens & Sculpture Foundation (Foundation) was formed for charitable purposes to hold and manage the endowment and other funds for the benefit of Meijer Gardens. Accordingly, Meijer Gardens presents its beneficial interest in the net assets of the Foundation, adjusted annually for the change in those net assets. The changes in net assets are primarily due to contributions and changes in the market value of the Foundation's investment portfolios. The valuation is considered to be a Level 3 measurement in the fair value hierarchy. The unrealized gains or losses on revaluation are recorded in the statements of activities.

The fair value of the beneficial interest in net assets of the Foundation is based upon the fair value of the underlying investments in the Foundation. The underlying Foundation assets cannot be liquidated or redeemed by Meijer Gardens. As such, no quoted prices or active markets are available for this asset (Level 3). Management reviews the values provided by the Foundation.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

September 30, 2023 and 2022

Following is a reconciliation of activity for the years ended September 30, 2023 and 2022 for Level 3 assets measured at fair value:

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

September 30, 2023 and 2022

### **NOTE 9 - RELATED PARTY TRANSACTIONS**

Approximately 60% of Meijer Gardens' aggregate contributions in each of the years ended September 30, 2023 and 2022 were provided by related party donors.

#### **NOTE 10 - RETIREMENT AND COMPENSATION PLANS**

Substantially all Meijer Gardens' employees are eligible to participate in the Frederik Meijer Gardens & Sculpture Park 403(b) Plan. Employee contributions to the Plan are voluntary, while management provides for a discretionary matching contribution to the Plan to be made on behalf of participating employees.

Meijer Gardens established the Frederik Meijer Gardens & Sculpture Park Executive Deferred Compensation Plan for the benefit of select members of executive management. The Plan is qualified under IRC Section 457(b). Members of executive management are selected for participation in the Plan at the discretion of the board of directors. Contributions may be made to the Plan in the form of employee elective deferrals, as well as employer discretionary contributions, subject to deferred compensation limitations.

Total discretionary matching and discretionary contribution expense related to these plans during 2023 and 2022 was \$322,269 and \$291,100, respectively.

### **NOTE 11 - UNRELATED BUSINESS INCOME TAX**

Provisions of \$91,000 and \$255,000 were recorded for federal and state unrelated business income taxes in 2023 and 2022. Cash paid for income taxes was \$211,500 and \$0 for the years ended September 30, 2023 and 2022.

#### **NOTE 12 - RISKS AND UNCERTAINTIES**

Meijer Gardens holds a beneficial interest in the investment securities held by the Foundation as well as its own investment portfolio described in Note 4. Such investments are exposed to various risks such as fluctuation in interest rates, the securities market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of financial position.
